GAMA Days 2026

International meeting of GAMA users

Nov 23 to 25, 2026

(Free registration, online event)
`https://gama-platform.org/gama-days-2026`

SCAN TO JOIN

Following several successful editions, the GAMA Days 2026 is the international conference where users and developers of the GAMA modelling and simulation platform meet to present work, discuss difficulties, and collaborate on exciting topics.

KEYWORDS: GAMA, Multi-agent systems, model, Simulation, Complex systems, model coupling

Abstract Submission

GAMA Days 2026 seeks submissions of abstracts that:

- Present a **new feature** for GAMA.
- Present a **model** that uses GAMA.
- Propose a **live demo** or **master class**.

At least one author of each submission is required to register, attend, and present at the conference.

IMPORTANT DATES

Abstract submission deadline:	~~15 September 2026~~ 25 September 2026
Notification of acceptance:	15 October 2026
Conference:	23–25. November, 2026

Peer-review and Publication

The program committee will review submissions to determine if a contribution is accepted for a talk or an elevator pitch. All accepted abstracts will be published on the **HAL open archive**.

The event will be hosted by:
